

JUDGE SWAYNE ON TRIAL

Impeachment Proceedings Before Senate

STOPS ALL BUSINESS

Oaths of Office as Members of the Court
Were Administered Yesterday
Afternoon by Chief
Justice.

Washington, Jan. 25.—The managers from the House in the impeachment proceedings against Judge Swayne made their appearance at the man door of the Senate at 12:30 o'clock yesterday. Their presence caused the cessation of all other business.

Of the seven managers, only five appeared, Messrs. Powers and Olmstead being absent. The five appeared in a group in the rear of the chamber, headed by Mr. Palmer, their chairman.

The managers were escorted to their seats by Sergeant at Arms Ramsdell, who, after seating them, ascended to the president pro tempore's stand, and impressively and in stated form demanded silence, saying:

"Hear ye! Hear ye! All persons are commanded to keep silent, on pain of imprisonment, while the House of Representatives is exhibiting to the Senate of the United States articles of impeachment against Charles Swayne, district judge for the Northern District of Florida."

Mr. Palmer was then recognized, and read the articles of impeachment.

Mr. Fairbanks and Mr. Bacon were appointed a committee to wait on the chief justice and ask him to administer the necessary oaths to senators as members of the impeachment court.

TRUSTEES DISSOLVED.

Peabody Education Fund of \$1,000,000 to a School.

Washington, D. C., Jan. 25.—The trustees of the Peabody education funds met here yesterday, and voted to dissolve the trust. President Roosevelt participated in the proceedings.

A vote was taken on the proposition to appropriate \$1,000,000 for the George Peabody school for teachers at Nashville, Tenn., and it was carried unanimously.

The vote on the question of dissolving the Peabody trust followed considerable discussion. Several members expressed very positive opposition to the move to dissolve, and when the vote was taken it stood 11 to 2.

BRATTLEBORO IS FOR EXEMPTION.

Would Like to Secure White River Chair Company.

Brattleboro, Jan. 25.—Brattleboro has voted in favor of exemption for the White River Chair company.

The proposition was presented by George L. Dunham, who supplemented the proposition with a statement to the effect that the people of Hartford, where the chair company's plant was recently destroyed by fire, had used every effort to induce the company to rebuild, but that the company preferred to centralize their business in Brattleboro. It was voted to accept the proposition as far as possible and to recommend that the town vote to exempt the new business from taxation for ten years, which was one of the requests made. In addition to the request for exemption the company asks a bonus of \$3,000, and agrees to invest not less than \$18,000 and employ not less than 40 persons five years. The company already has over \$75,000 invested in the business of the Brattleboro Cabinet Company, controlled by them.

New Parish House at Burlington.

Burlington, Jan. 25.—The formal blessing of the new parish house of St. Paul's church was held today with a large attendance of priests and laymen from all parts of the diocese. The rites were performed by Rt. Rev. Bishop A. C. A. Hall, Bishop of Vermont, assisted by the local clergy. A service of holy communion was held at seven o'clock, followed by morning prayer. At eleven o'clock the Bishop gave holy communion again, after which came the blessing of the new home in the chapel of the edifice. Following the devotional exercises an opportunity was given for the inspection of the rooms most of which have been occupied but a short time. Tomorrow the first celebration will be held on the new chapel altar and there will be services incidental to the blessing of the parish house all the week. The building was erected at a cost of something like fifteen thousand dollars. It comprises a part of the original chapel and is really an extension of that building with the same style of architecture and every thin to correspond in exterior and interior finish.

Bell Ringing Curiosity.

A curiosity in the matter of bell ringing is to be met with at Fulburn, near Cambridge, England. The church bells there not only ring the hours of the day, but at intervals also the date of the month. Thus at 12 o'clock noon on the 31st there would be forty-three strokes.

MAKES REPLY TO CHARGES.

Director Dewey Believes He Is Being Persecuted by Prominent Jews.

Albany, N. Y., Jan. 25.—Director Melville Dewey of the state library has sent to the library committee of the state board of regents an extended reply to the charges filed with that board by a number of prominent Jews of New York city, who upon those grounds asked his removal.

Director Dewey admits that the Lake Placid club, of which he is president, excludes Jews, but maintains that being a social organization and not a hotel, it has a perfect right to do so. He denies that Jews have been discriminated against in any other way either by the organization or himself personally. He holds that he has always been careful not to confuse his official position with the club and denies the allegation that the latter organization has used his official position to boom its enterprises.

Mr. Dewey intimated his belief that the present attack was inspired by a Jew, whose name he does not give, for whom he declined to gain admission to the Lake Placid club on the ground that his state duties forbade his doing anything with club details, and who at that time in the presence of others, threatened to punish him. "Officially," says he, "I have always refused to recognize race or faith except to respect religious and ethical prejudices."

UNION'S MONEY DISAPPEARED.

Painter and Decorators of Brockton, Mass., Out \$774—Treasurer Arrested.

Brockton, Jan. 25.—Henry H. Reed, until recently treasurer of the Painters and Decorators' Union, was before the police court yesterday, charged with the larceny of about \$500. Examination was waived and hearing was continued until Tuesday, Mr. Reed being held.

The arrest of Mr. Reed was the outcome of the disappearance of about \$574 from the treasury of the union several weeks ago. It is said that Mr. Reed admitted at the time that the money had gone and that he had spent it in an endeavor to win back some of the union's money that he had lost.

The union called upon the Fidelity & Deposit company of Baltimore, in which Mr. Reed, as treasurer of the union, was bonded for \$1,000, to make good the loss, and it is the bond company that has taken action against him.

LA FOLLETTE IN WISCONSIN.

Was Named Yesterday for United States Senator.

Madison, Wis., Jan. 25.—Both houses of the Wisconsin Legislature at noon yesterday voted separately for United States senator. Gov. La Follette was named.

MELLIN'S FOOD CO., BOSTON, MASS.

MADE A SCENE AT HER ARREST

Mrs. Bradie Duke Arrested in Streets of New York

ON A SERIOUS CHARGE

Alleged That She Made False Statements Which Lead to the Enforcement of Notes Amounting to \$20,000.

New York, Jan. 25.—Mrs. Alice Webb Duke, wife of Brodie L. Duke, was arrested at an office in Broad street, this city, yesterday on requisition papers issued by the Texas authorities. Mrs. Duke had been indicted by the grand jury of Nacogdoches, Tex., on the charge that she and Charles L. Taylor of Chicago had made false statements in an instrument on the strength of which a stockholder in one of the national banks in that place was induced to endorse her notes for \$20,000.

Mrs. Duke was arrested as she was alighting from a cab to enter an office in Broad street. When arrested she became hysterical and screamed and wept. She declared: "I'm the wife of Brodie L. Duke. His family are trying to hurt me. I have done nothing wrong."

She insisted upon making a call in the building, as she had intended, but the detective objected, and took her to the district attorney's office in a cab. She sat weeping there until her counsel arrived. The procedure will be to arraign her in a police court and hold her to await the arrival of requisition papers from Texas. Mrs. Duke for several weeks has been the central figure in a sensational case, growing out of her recent marriage to Brodie L. Duke of Durham, N. C. The present proceeding has nothing to do with Mrs. Duke's marriage.

When she had somewhat regained her composure, she insisted on calling up her counsel, Abraham Levy. Permission was granted and she told over the telephone what had happened to her, with the result that Lawyer George Simpson was with her within a few minutes. After a considerable conference he left her, alone.

It was said that he would go to the Supreme Court and apply for a writ of habeas corpus, returnable this afternoon.

Assistant District Attorney Perkins was busy with grand jury cases and had no time to give to the prisoner. He said: "I can't talk about this now, further than to say that Mrs. Duke was arrested on the papers from Texas."

The woman came into prominence again, after some years of quiet life, early this month, when Duke's children and relatives got wind of his marriage to her, and had him placed in a sanitarium on Long Island until his sanity could be tested. Duke, the physicians said, was suffering from alcoholic dementia. He had been with the woman in a Harlem hotel and at the Park Avenue Hotel on Fourth Avenue.

His family at present are instituting proceedings in the Supreme Court of the county for the appointment of a commission to take charge of his business affairs.

It was said that Mrs. Duke had interested him in some land development schemes of hers. She has been in business with Charles L. Taylor of Chicago, with whom she attempted land development in Texas.

CLEANING UP CITY BUSINESS.

St. Albans City Council Draws Warrants to Cover Expenses.

St. Albans, Jan. 25.—The city council held a special meeting Monday evening, the first part being devoted to a visit and inspection of the fire department, during which they attended the school for firemen conducted under the direction of Chief Conte. The high efficiency and fine condition of the department and the splendid proficiency shown by the men in the knowledge of every department of their business brought out words of highest praise from the city fathers. At the business meeting which followed the mayor was authorized to draw warrants for \$2,000 for school purposes, \$251.91 to pay the deficit in the special school tax and also authorized to draw warrants, not to exceed \$5.00, to settle the miscellaneous outstanding bills and indebtedness of the city up to the end of the fiscal year on February 1. The resignation of Edward P. Stevens as auditor was accepted and A. W. Robinson was elected to succeed him.

HORSE AND SLEIGH STOLEN.

Sylvester Miner of Brattleboro Looking for His Rig.

Brattleboro, Jan. 25.—It is supposed that a black mare and sleigh were stolen from Sylvester Miner Sunday night, and printed notifications giving a description of the rig were sent out yesterday by Chief of Police E. S. Hall. Mr. Miner hitched the mare on Main street about 11 o'clock and went into a hall where a meeting was being held. A few minutes later, ten minutes according to Mr. Miner's judgment, he returned and found that the mare and sleigh had disappeared. Thinking that the mare had become untied and had gone home, Mr. Miner went home on foot, but returned later and reported his loss to Chief of Police Hall. Time enough was lost to give a thief a good start. Messages were sent to near-by towns in Vermont, New Hampshire, and Massachusetts, and several teams were examined in Bellows Falls, Putney, and other places, but they proved not to be the one wanted.

BURLINGTON'S FINANCES.

Bonded Debt of City Is Now \$870,000, Overdrafts by Departments.

Burlington, Jan. 25.—The following city department overdraw their appropriations last year: Police by \$1,636.01; city scales by \$162.72; fire department by \$2,310.00; Fletcher library by \$375.69; health by \$379.47; interest by \$577.55; pauper by \$1,174.98; poor farm building by \$192.54; street lights by \$525.83.

The assets of the city January 1, 1905, were \$99,885.56, of which \$71,782.74 was in cash on hand, \$13,289.56 uncollected taxes, \$1,458.18 street assessments. There were other smaller items such as unpaid sprinkling and water taxes. The liabilities of the city were \$96,170.41, leaving a balance of \$3,715.15. The estimated cost for the year is \$229,338.17, of which the schools claim \$34,000, interest next with \$29,000, and highways \$27,300.

The summary of receipts shows \$567,631.11 and disbursements of \$495,848.37. The bonded debt is \$870,000, and the sinking fund has increased from \$95,878.18 to \$105,678.41.

Mayor Burke says "I have reason to believe that the coming grand list on which our taxes are levied will amply provide so that our tax rate will remain the same as last year. In regard to our new grand list, let me repeat what I said last year in regard to the lack of civic honesty so much practised by wealthy people everywhere in refusing to bear their share of the burden. I hope all our citizens will be imbued with a sufficient amount of civic pride and civic honesty so that we may retain the proud prestige we now hold and at the same time receive the benefit of all these good things at a lower tax rate than any other city in New England."

BURLINGTON'S BASE BALL.

Annual Meeting Will Be Held Monday, February 6.

Burlington, Jan. 25.—Baseball is not dead in Burlington, yet. The Burlington Baseball association still lives and the annual meeting of the shareholders, according to the association's by-laws, will be held at the Knights of Pythias Hall, 43 Church street, on Monday, February 6, at 10 in the morning.

The business to come before the meeting will be the financial statement for the past year, the election of a board of directors for the coming year, and any other business proper to the annual meeting. The discussion of the prospects and the probability of a baseball team for next season will probably be a part of the next meeting.

BLAKES FURNISH BAIL.

They Waive Examination in the Case Against Them for Misusing Mails.

Burlington, Jan. 25.—The Blake brothers, Herbert and Homer, of Fairfax, who were brought to Burlington Saturday evening and lodged in jail on a charge of the misuse of the United States Commissioner George E. Johnson yesterday where they waived examination on the charges against them. Commissioner Johnson placed them under bonds of \$300 each for their appearance at the February term of the United States courts in Burlington. This was furnished in both cases. The Blakes had R. E. Brown of this city as their counsel.

BLUEBEARD ARRESTED

Chicago Man Credited With Marrying 13 Women

POISONING IS SUSPECTED

Relatives of Six of the Dead Women Express to the Police Their Conviction That the Wives Were Poisoned—Names of the Women.

Chicago, Jan. 24.—Information of more alleged victims of the supposed "Bluebeard," John Hoch, has been given to the police by John Frick, an employee of the Nickel Plate Railroad.

Frick has reported to the police a charge that his sister, Mrs. Mary Schultz, married Hoch, who then called himself Alber Muschburg, at Argos, Ind., in 1900. Mrs. Schultz had a child named Nettie, then five years old.

"Shortly after they arrived in Chicago letters ceased coming to me," said Frick, "and I am under the belief that my sister and her little girl were done away with. My sister had \$1,500 at the time of the marriage."

Mrs. J. H. Schwartzman of Milwaukee telegraphed the police that she would arrive here today for the purpose of trying to identify a photograph of Hoch as the man who married her sister in 1899. The woman died shortly after, leaving \$1,800 to her husband.

Relatives of six of the thirteen wives credited to Hoch have expressed a belief to the police that the six women died from poisoning.

The list of dead and missing is as follows: Mrs. Marie Welker Hoch, died Jan. 11, 1905; Mrs. Mary Steinbecker, died 1894; Mary Decker, St. Louis, died 1902; Mrs. Mary Schultz, Argos, Ind., died 1900; child also disappeared; Mrs. Lena Hoch, Milwaukee; Mrs. Sophia Hoch, Milwaukee.

MAYOR BURKE A CANDIDATE.

Burlington Blacksmith Relies on Record to Win Coming Election.

Burlington, Jan. 25.—It is a foregone conclusion that Mayor Burke will be a candidate for re-election at the coming spring meeting of the city voters. Mr. Burke has been the city's chief executive for two years, two terms, and he believes that his record is so satisfactory to the people, or to the majority of them, at least that they will give him another year in the chair. Mayor Burke is a blacksmith, although he has time enough to devote to the interests of the city and to execute many of his pet plans. He has sent a message to the board of aldermen in which he states that in his opinion the business of the city could be run on the same tax rate next year as during the present one. He also said that the city would be able to light its streets soon by its own electric plant. This idea was Mr. Burke's and he has pushed the project to completion with commendable activity. And this is one reason why he thinks that he is entitled to recognition and to re-election. He will not come out at present and announce his candidacy but the feeling is in the air and the sentiment among his friends is strong. There is little stirring among the Republicans who are particularly apathetic about a candidate. It was hard work to settle upon a man last year but this time it looks as though it would be even harder. No one seems to care about running against a man that appears to have the people back of him as Mr. Burke believes he has.

CANADA WANTS JAPANESE.

British Columbia Exclusion Act Disallowed.

Victoria, B. C., Jan. 25.—The British Columbia immigration act, aimed against the admission of Japanese, has been disallowed by the Dominion government, on the ground that it is against imperial interests. The act imposes an educational test on all immigrants. It is probable that the Provisional Government will re-enact the legislation at the coming session of the Legislature. It has been disallowed and re-enacted several times in various forms.

LIQUOR DRINKERS CURED.

Whiskey and Beer Habit Cured at Home With No Loss of Time.

Orrine is the only guaranteed cure for the drink habit, can be used at home, and destroys entirely the craving for drink, without publicity or loss of time. It quickly removes the craving for intoxicants, steadies the nerves, restores the appetite and gives refreshing sleep. Ten thousand grateful letters from those who have been cured by Orrine prove its infallible success. It is the only guaranteed cure for the liquor habit, and we seek the worst cases in the community in order to prove that Orrine cannot fail. It is prepared in two forms—No. 1, which can be given in tea, coffee or food, without the patient's knowledge, and No. 2, which is for those who desire to be cured. The price of either is \$1 per box. Sold and recommended by the Red Cross Pharmacy, Rickett & Wells, proprietors, Barre, Vt.

TO BREAK UP UNION.

Fall River Operatives Complain to Governor Douglas of Owners.

Boston, Jan. 25.—Because of the friction that has developed in Fall River as the result of misunderstanding between operatives and manufacturers respecting the carrying out of the terms upon which it was supposed the strike had been definitely settled, Gov. Douglas yesterday received a call from Isaac Brooks and Joseph G. Jackson, president and secretary, respectively, of the Fall River Slasher Tenders' Union.

Mr. Jackson said that the manufacturers seemed to be making a determined effort to break up the union; that only about one-half of the slasher tenders had been reinstated in their positions, and that some of the operatives had been told that they would be given membership in the union, and were willing to sign contracts with the manufacturers which would involve the breaking of the agreements concerning certain details of work which have been operative for 10 years.

Mr. Jackson said that the matter was to be called to the attention of the Textile Council Thursday night, and that the consequences of the manufacturers' position might be serious. Gov. Douglas listened to the grievances, and said that he would look into them carefully.

LABOR AGREEMENTS.

Editor of Stone Cutter's Journal Thinks They Should Be Respected.

The suspension of work in Vermont, caused by a lockout as a result of a dispute in Northfield, terminated the week preceding Christmas. It is a matter of regret that such suspensions should take place where the current agreements provide methods for adjustment of local disputes. Employers of our members, as well as branches of our union, should remember that agreements are made to be carried faithfully and honestly into effect; they have arrangements in them for change at the proper time and if either party is not exactly suited with the terms of the agreement after it has been in use they should remember that the method of changing can take place when a new agreement is entered into. If agreements are not to be carried into effect there is little use having them at all and our organization at all times will do its best to get fair conditions specified in an agreement, but must insist thereafter that agreements entered into by the two parties are to be sacredly respected by both.—Stone Cutters' Journal.

LIFE PRESERVERS BROKEN.

First Witnesses in the Slocum Disaster Trial Yesterday.

New York, Jan. 25.—Thomas H. Freely, for twenty-three years a member of the fire department, was the first witness yesterday at the trial of former Assistant United States Inspectors Henry Lundberg and John W. Fleming, accused of criminal negligence in connection with the Slocum disaster, before Judge Thomas and a jury in the criminal branch of the United States Circuit Court. Freely said that he had made an examination of the wreck of the General Slocum just after the burning, and had noticed that the life preservers on North Brother Island beach were broken and the granulated cork with which they had been filled was floating on the water.
